5			
6			
7			

Special Instructions:

1. This seven year plan is designed for student ministries that begin with 6th grade. Disregard year seven if your ministry begins with 7th grade.
2. If you use the same curriculum for all ages then you will only need this form. Depending on how your student ministry is divided, you may need to do a curriculum map for each age bracket if you will be doing different curriculum within the different age groups.
